MEMORANDUM

TO: Mr. J. Lee Rankin, General Counsel
FROM: Arlen Specter
SUBJECT: Deposition of Mr. Harry Olson

During the course of the deposition of Mr. Harry Olson, taken in Los Angeles, California on August 6, 1964, Mr. Olson was reluctant to state fully on the record the reasons for his termination of employment with the Dallas Police Department.

Before the deposition was concluded I went off the record, as the transcript shows, and questioned Mr. Olson about that subject informally.

Mr. Olson then stated that one of the reasons his employment was terminated was because he had recommended a private investigator to an individual in Dallas. When that individual became dissatisfied with the results of the investigation, a report was made to Chief Curry. That complaint, in conjunction with the fact that Mr. Olson had been on sick leave for a very long time, led to the end of his service with the Dallas Police Department.
